

SECOND SEMESTER 2015-16

Course Handout

In addition to part I (General Handout for all courses appended to the timetable) this portion gives specific details regarding the course.

Course No.: HSS F323

Course title: Organizational Psychology

Instructor-in- charge: Dr. Rajneesh Choubisa

Scope and objective of the course: To develop a conceptual framework for understanding organizations and its various functions from a psychological viewpoint. The course would help students understand the behavior of humans at different levels of hierarchy in an organization and relevant issues and processes imbuing them.

Course Description: This course is floated to provide a brief understanding as to how humans behave the way they do in an organization. This will be a highly informative course for people who want to understand the psychology of organizations and want to gain an in-depth understanding of the management functions of an organization at a micro level.
