

BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE, PILANI

FIRST/SECOND SEMESTER

COURSE HANDOUT: BITS G511 Advanced Project

1. Aims and Objectives

This is a course dealing with an advanced pursuit in terms of a study or a lab project in assigned area of professional interest. Each student will work under the overall supervision and guidance of an assigned teacher. The course must end with a well-defined project report outlining all the investigative efforts and conclusions

2. Operational Details

1. Within 2 weeks of registration, the student should prepare the work plan for his/her research project and also for the developmental activities in consultation with the supervisor.

2. Mid semester grading will be done by the supervisor based on the work done and progress made towards planned objectives by the student in the assigned research area. The student is required to submit mid semester report describing the work done and progress made by him/her. He/she should also deliver a seminar to highlight these activities. Supervisor will grade the student for mid semester on the basis of the mid semester report described above and the Seminar presented by the student.

4. The student should submit mid-semester report in the 9th week of the semester to the supervisor and this should be followed by seminar/presentation by the student. The supervisor in turn is required to send mid-semester grades of all the students working with him to Instructor -in-charge by the end of 9th week of the semester.

5. End semester report would provide details of work done by the student. End semester report should be submitted to the supervisor and should be followed by seminar/presentation.
