

**BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE, PILANI**

**INSTRUCTION DIVISION**

**FIRST SEMESTER 2015-2016**

**Course Handout (Part-II)**

DATE: 03/08/15

In addition to part-I (General Handout for all courses appended to the time table) this portion gives further specific details regarding the course.

**Course No.** : MBAC 432/FIN C413  
**Course Title** : Risk Management & Insurance  
**Instructor-in- Charge:** Imlak N. Shaikh

**1.Scopes and Objective:**

The objective of the course is to provide students with

- *A conceptual framework for making risk management decisions to increase business value and individual welfare*
- *An understanding of risk transfer through pooling and key features of insurance market*
- *An understanding of the effects of and rationale for public policies that affect risk and its allocation and finally*
- *Knowledge about insurance markets and essential details of an insurance contract as a risk management tool.*

The course will be also anchored around specific issues of relevance to Indian context. Students are expected and encouraged to bring to the class and initiate discussions regarding issues of contemporary concern in the relevant domain. A number of journal articles used in this course give the course its academic rigor. The course pedagogy lays special emphasis on “*learning by doing*” and three assignments in this course characterize this orientation. The course is partly descriptive and partly analytical in nature.
