

SECOND SEMESTER 2015-2016 COURSE HANDOUT (PART II)

In addition to Part-I (general handout for all courses appended to the time table) this portion gives further details pertaining to the course.

Date: 15/01/2016

Course No.: MBA C471

Course Title: MANAGEMENT INFORMATION SYSTEMS

Instructor-in-charge: Leela Rani

SCOPE AND OBJECTIVE

The objectives of the course are:

- a) Provide an understanding of relevance and usefulness of Information Systems in business
- b) Provide
 - An integrated view of all functional areas of Management Information Systems
 - An understanding of recent advances in Management Information Systems

The course deals with the issues relating to Information Systems, in general, and Management Information Systems, in particular. The course will help students to equip themselves with the information necessary to become MIS knowledgeable in today's fast changing dynamic business environment. The course will provide a good foundation to any one aspiring to take up roles as Information Systems Managers/Experts/ Information Officers. The learning from the course would depend on the extent of investment of quality time and effort by each participant in preparing for each session, reading the assigned readings, and relating them to respective sessions.

TEXT BOOK

T1: Information Technology for Management, Transforming Organizations in the Digital Economy, Efraim Turban and Linda Volonino, Wiley Students Edition, 7th Edition, New Delhi, 2010.

REFERENCE BOOKS

R1: Management Information Systems, Ken Laudon, Jane Laudon and Rajanish Dass, Eleventh Edition, Pearson Education, New Delhi, 2010.

R2: MIS Cases – Decision making with application software, Lisa Miller, Third Edition, Pearson Education, 2007.

COURSE PLAN

COO	RSE PLAN					
S No.	Topic	Session Objectives and Required/Suggested Reading				
1	Introduction to IT support to	Session Objectives				
		1) Course Outline and Details				
	organizations	2) What is System? Systems (Thinking) Approach? Information System? Management Information System?				
		3) Need for IT & ISs for Competitive Advantage				
		4) Case study: Toyota's innovative advertising strategy				
		Reference: T1-Chapter 1				
2	Organizational performance in volatile times	Session Objectives				
		1) Digital economy, Business in digital economy				
		2) Business pressures and responding with IT				
		3) IT in practice - Information Snippets of Chapter 1				
		4) Case study: NHS Hospitals adopt wireless technology				
		Reference: T1-Chapter 1				
3	IT: Basics	Session Objectives				
		1) Classification and types of information systems				
		2) IT support to people, supply chain and business processes				
		3) IT in practice - Information Snippets of Chapter 2				
		4) Case study: Mary Kay's IT systems				
		Reference: T1-Chapter 2				

BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE, Pilani Pilani Campus Instruction Division

4	Innovative and	1) IS infrastructure, architecture, emerging computing environments				
	futuristic systems	2) Innovative and futuristic systems				
		3) Case: Airbus improves productivity with RFID				
		Reference: T1-Chapter 2				
5	Data Management to	1) Data mart, Data warehouse and data centres				
	improve business	Enterprise content management				
	performance	3) Information Snippets of Chapter 3 – IT in practice				
		4) Case: Pushing corporate data to employees' Facebook pages				
		5) Self-Study Case: Applebee's International learns & earns from data				
		Reference: T1-Chapter 3				
		Enterprise networks and connectivity				
6	Networks and collaboration	2) Network management and collaboration				
		3) Information Snippets of Chapter 4 – IT in practice				
		4) Case: Super Bowl logistics				
		5) Self-study: Case study: Collaboration at DrKW				
		Reference: T1-Chapter 4				
7	Enterprise security	1) Enterprise security, IS vulnerabilities and threats, Internal control & management				
	and Business	Business continuity and disaster recovery planning, risk management				
	continuity	3) Information Snippets of Chapter 5 – IT in practice				
		4) Case: Data breach at ChoicePoint				
		Self-study: Case: NEC's weak internal controls				
		Reference: T1-Chapter 5				
8	Excel Case	Excel system for Milligan's Inventory Management; Ref: R2: Case No.1				
_	2/100. 0000	Exect system for trimigan's inventory trianagement, iter. it case ite.				
9	Case Discussion	Airbus & Information Technology; Ref: WWW				
_						
9	Case Discussion	Airbus & Information Technology; Ref: WWW				
9	Case Discussion	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms				
9	Case Discussion	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services				
9	Case Discussion	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice				
9	Case Discussion	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell				
9	Case Discussion	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice				
9	Case Discussion E-Commerce: Basics	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations				
9	Case Discussion E-Commerce: Basics M-Commerce	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7				
9 10 11 11 12-1:	Case Discussion E-Commerce: Basics M-Commerce	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7				
9 10 11	Case Discussion E-Commerce: Basics M-Commerce 3 Presentations on M Transaction	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7 Mini Project 1) TPSs and Functional information systems, Integration of FISs;				
9 10 11 11 12-1:	Case Discussion E-Commerce: Basics M-Commerce	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7 Inii Project 1) TPSs and Functional information systems, Integration of FISs; 2) Information Snippets of Chapter 9 – IT in practice				
9 10 11 11 12-1:	Case Discussion E-Commerce: Basics M-Commerce 3 Presentations on M Transaction Processing Systems	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7 Tini Project 1) TPSs and Functional information systems, Integration of FISs; 2) Information Snippets of Chapter 9 – IT in practice 3) Case: Wireless Inventory Management at Dartmouth Medical Centre				
9 10 11 11 12-1:	Case Discussion E-Commerce: Basics M-Commerce 3 Presentations on M Transaction Processing Systems	Airbus & Information Technology; Ref: WWW 1) Overview of E-Commerce, Major E-C mechanisms 2) B2B, B2C applications, E-Government to C2C, E-C support services 3) Information Snippets of Chapter 6 – IT in practice 4) Case: E-Commerce in Dell 5) Self-Study: Case: Stormhoek Vineyards' excels with web 2.0 tools Reference: T1-Chapter 6 1) Mobile applications in different areas of services 2) Mobile enterprises, M-Consumer service and entertainment 3) Location based commerce and services, Pervasive computing and RFID 4) Information Snippets of Chapter 7 – IT in practice 5) Case: Food Lion using wireless innovations 6) Self-Study: Case: Hertz goes wireless Reference: T1-Chapter 7 Inii Project 1) TPSs and Functional information systems, Integration of FISs; 2) Information Snippets of Chapter 9 – IT in practice				

1 [Enterprise Systems	1) Enterprise systems, Supply chain management and its business value						
15	Enterprise Systems	·/						
		2) ERP, CRM and their business value, KM and IT						
		3) Information Snippets of Chapter 10 – IT in practice						
		4) Case: ChevronTexaco modernizes its supply chain with IT						
		5) Self-Study: Case: ERP helps productivity at Northern Digital Inc.						
		Reference: T1-Chapter 10						
16	Excel Case Discussion	Piedmont Trailer Manufacturing Company; Ref: R2: Case No.2						
17	Inter-organizational,	1) Inter-organizational activities and order fulfillment, IOSs, LSISs, GISs						
	large scale and global	Facilitating IOS and global systems: Demand driven network to RFID						
	systems	3) Inter-organizational information integration, PRM & C-Commerce						
		4) Case: Boeing's global supply chain for Dreamliner						
		5) Self-Study: Case: How Volkswagen runs its supply chain in Brazil						
		Reference: T1-Chapter 11						
18	Business Intelligence (BI)	1) BI architecture, reporting and performance management						
		2 Data, text, and Web mining and BI search						
		3) DSS and Automated DSSs, Snippets of information for Chapter 12 – IT in practice						
		4) Case: BudNet: Anheuser-Busch's intelligence tool						
		5) Self-Study: Case: Lexmark International improves operations with BI						
		Reference: T1-Chapter 12						
19-20	D Presentations on A	·						
21	IT strategy and	Alignment of business and IT strategies						
21	planning	IT strategy initiation and planning, Outsourcing and off-shore outsourcing						
	pianning	3) Snippets of information for Chapter 13 – IT in practice						
		4) Case: IT strategic alignment at Kimberly-Clark						
		5) Self-Study: Case: Second Life strategy of American Apparel						
		Reference: T1-Chapter 13						
22	Case Discussion	Topic: To be announced						
23	Case Discussion	Topic: To be announced						
24 Managing IT projects 1) Adopting and implementing		Adopting and implementing IT projects, Business Process Management						
		2) Change management and organizational transformation						
		3) Snippets of information for Chapter 14 – IT in practice						
		4) Case: Con-way Inc. implements innovative technology						
		5) Self-Study: Case: DSpace at MIT						
		Reference: T1-Chapter 14						
25	Impact of IT –	1) New trends in IT, Enterprise 2.0						
	organizational	Green businesses and green data centres, Handling of information overload						
	concerns	3) Snippets of information for Chapter 15 – IT in practice						
		Case: Wireless Mesh Networking in real time monitoring						
		5) Self-Study: Case: Toyota's commitment to innovation and innovation						
		Reference: T1-Chapter 15						
	END of MIS Session Plan							

CASE TOPICS

Case discussions will be held during regular sessions. The following case topics are in addition to the cases presented in main prescribed text. Students should prepare themselves using MS-Excel on the topics given and are expected to participate and contribute in the discussion. Note that case preparation and participation carries 10% weight.

Case No.	Topic – From reference book: R2			
1	Excel system for Milligan's Inventory Management - Page No.13			
2	Piedmont Trailer Manufacturing Company - Page No.18			
3	Maxi's Grocery Mart - Page No.25			
4	Klein Technology Seminars - Page No.31			
5	Terrell and Terrell Property Management - Page No.43			
6	Mark's Collectibles - Page No.49			

EVALUATION COMPONENT

Component	Duration	Wt (%)	Date & Time	Remarks
Mid Sem Test	90 min	25	19/3 11:00 - 12:30 PM	Partly Open Book
Mini Project	-	10	TBA	15 minutes per group
Assignment	-	10	TBA	15 minutes per group
Case Study	-	10	Entire semester	-
Class Preparation & Participation	-	10	Entire semester	-
Comprehensive Exam	3 hours	35	14/5 AN	Partly Open Book

<u>Mini Project</u>: Title – <u>Any MIS topic</u> with its relevance to business/society. **Deliverables**: Each project group will comprise of 4-5 students. Each group has to get its PROJECT TITLE <u>approved</u> from the <u>Instructor</u>. Each group has to prepare a <u>Microsoft Word Report</u> (like a research article). The report should have the following details - Title, Abstract, Table of Contents, Introduction & Background, Literature review, Objectives, Discussion of Information System, Conclusion(s), References/Bibliography, and Appendices, if any. Each Project Group will make a presentation.

<u>Assignment:</u> Each group should develop an information system using any software tool and make a presentation on the same.

Consultation hour: Will be announced in the class

<u>Important Note:</u> MAKE-UP for Mini-Project, Assignment & Case Preparation and Participation will not be granted.

All the notices concerning this course will be displayed on the **Department of Management Notice Board** only.

Make-Up Policy: No students will be allowed to take make up without prior permission before test/examination. Written prior application <u>before</u> the test/examination along with the proof, duly verified by the Warden/Dean, SWD/Medical Officer are essential for any consideration of makeup (If the student, for some reason, is unable to inform personally, <u>someone else</u> should bring the application <u>before</u> the test).

Instructor In-Charge
